

Health Care Policies and Procedures – Groups Using Camp Chandler

Policy

Camp Chandler will provide health-care personnel, treatment, supplies, and emergency transportation only for individuals and groups for whom Camp Chandler has responsibility for supervision and major programming.

For weekend retreat and day programs using camp facilities and limited services (food service, program specialists, etc.), Camp Chandler is not responsible for providing personnel, supplies, transportation, or health-care services.

Procedures

1. Groups must provide their own adults currently certified in first aid and CPR, who are responsible for health needs of the group. Camp Chandler will have a staff person on site at all time that has certification in CPR, 1st Aid, and AED that can act in an emergency.
2. Groups are responsible for gathering and maintaining information on all members of the group that includes name, address, emergency contact names and numbers, and any allergies/health conditions/restrictions. For minors without a parent on-site, group leaders should also have signed permission to seek emergency treatment. Group leaders are responsible to inform camp of any allergies or restrictions of their group that may affect camp services provided (e.g., food service, program activities).
3. Groups are responsible for their own emergency transportation. Phone numbers and locations of local EMS providers, clinics, and hospitals are posted near all phones available to groups. Camp Chandler does have 911 service.
4. Groups are responsible for providing their own first-aid supplies and equipment.
5. Orientation for groups will include updated emergency procedures for the camp, including information on how to contact camp personnel in an emergency.
